Tenants

If you have rental units on this parcel, please let us know if you would like us to contact and schedule the appointment with your tenant. We recommend that the property owner be present during the site visit. We will provide the tenant and the property owner with a copy of the visual survey report. Please check the applicable box(es) below:

- Schedule the appointment with my tenant and notify me of the date.
- Provide my tenant with a lead sampling kit.
- Contact me directly and I will notify my tenant.

Unit #	Tenant Name	Tenant Phone Number	# of Children under 6

(attach additional sheet if needed)

Acknowledgement and Authorization

NOTICE: Title X, the Residential Lead-Based Paint Hazard Reduction Act of 1992, in Section 1018, requires that all known lead hazards, records and reports be disclosed to potential buyers, to new tenants and to current tenants, whenever there is a change in the rental contract, including informal verbal leases. This law requires disclosure of any paint, dust or soil samples analyzed for lead content. It is recommended that you also disclose the visual survey report to your tenants and any potential buyers. You must also provide the buyer and tenants with the pamphlet entitled "Protect Your Family From Lead in Your Home". This pamphlet is available by calling the Alameda County Lead Poisoning Prevention Program at 510-567-8280 or can be downloaded from www.epa.gov/lead or www.hud.gov/offices/lead. Please note that documents in the possession of the Program are subject to the California Public Records Act (Government Code sec. 6250 et seq.), which generally requires state and local agencies to make their records available to any member of the public upon request. Documentation developed under this agreement may be subject to such requests.

AUTHORIZATION

1. I hereby certify that I am the legal owner of the property listed above and to the best of my knowledge, all statements and representations made in this document are true and complete.
2. I am requesting an in-home lead consultation from the Alameda County Lead Poisoning Prevention Program including a visit to my property to conduct a visual survey and to provide consultation services.
